Descrizione

Constanter is the perfect yacht to experience the idyllic cruising waters of the Mediterranean. The high functioning and experienced captain and private chef will be at the heart of everything on your voyage. Offering a unique sailing experience for a romantic getaway, family holiday or a small group of friends.

Constanter features plenty of discretely packaged race technology that make her perfect for fast sailing with sublime efficiency. You will lose track of time and place by living in the moment, taking direction from the wind and sea, and getting the thrill of sailing at up to 10 knots. With the captain by your side, you can take the helm of this magnificent 65' Swan and experience freedom like never before.

Explore parts of the world in a unique way that few others have. Witness Stromboli at sunset, paddle board the Amalfi Coast, snorkel the calas of Mallorca and sleep under the stars. Constanter can do it all. Being respectful of our beautiful environment is a priority for us. Constanter is a proud member of the Clear Ocean Pact. Therefore we have a zero water bottle policy and use a water filtration system onboard. We pay close attention to our anchorage and onboard services in order to preserve the seabed.

Whilst on board, your dedicated chef Florence will tailor each day's menu to your personal tastes and requirements. Whether your preference is fine dining, casual BBQs or a beach picnic at sunset, Flo will create an unforgettable gastronomic emotion.

Below deck, Constanter's exceptional interior demonstrates world class
